Trust	Ashford And St Peter's Hospitals NHS Foundation Trust
Site	St Peter's Hospital
Intrepid Post Code (or local post number if Intrepid N/A)	KSS/RTK01/052/F2/001 KSS/RTK01/052/F2/003
Placement details (i.e. the specialty and sub-specialty)	General Psychiatry
Department	<u>The Surrey and Borders Partnership NHS Trust</u> was created on April 1, 2005, to provide Psychiatric and Learning Disability services for the whole county of Surrey as well as part of North East Hampshire and Croydon, and achieved Foundation status on May 1, 2008. The Abraham Cowley Unit covers a population of circa 845,00 in the North West of the Trust.
Type of work to expect and learning opportunities	<p>Brief Description of Post: This post involves mainly working on the 10 bed organic ward (Hayworth House) and the 20 bed functional ward (Spenser) and some outpatient clinic work for the Woking Community Mental Health Team for Older Adults covering the Borough of Woking which has a total population of approximately 15,500 over-65s.</p> <p>Community Experience will be under the supervision of Dr. Parsons who has consultant responsibility for 7,500 of the Woking CMHT's over-65s and will include two outpatient clinics a week on Monday morning and Thursday morning with additional community experience as needed. The postholder can also join members of the Multi-Disciplinary Team for community assessments and visits.</p> <p>Inpatient Experience: The post holder will provide psychiatric and physical healthcare input to both wards providing care for patients over the age of 65 with a range of functional and organic disorders. The post holder will work under the clinical supervision of Dr. Ramin Nilforooshan on Spenser Ward and Dr. Siobhain Quinn at Hayworth House. Both wards admit patients from the Boroughs of Woking, Surrey Health, Spelthorne and West Elmbridge/Runnymede. Patient throughput is not very high and the opportunity for multi-agency working is excellent. The working environment in the wards is friendly and most junior doctors find that they settle in very quickly.</p>

	<p>Ward work includes assessing inpatient admissions, regular communication meetings with the inpatient team and intensive experience of managing older psychiatric patients with a wide variety of illnesses.</p> <p>Research and Audit: Trainees are encouraged to undertake an Audit Project during their four months. Opportunities for research may be available and will be tailored to individual trainees needs.</p> <p>Emergencies: The junior doctor accepts that he/she will also perform duties in occasional emergencies and unforeseen circumstances at the request of the appropriate consultant in consultation, where practicable, with his colleagues, both senior and junior. It has been agreed between professions and the Department, that while juniors accept that they will perform such duties, the Secretary of State stresses that additional commitments arising under the sub-section are exceptions and, in particular, that juniors should not be required to undertake work of this kind for prolonged periods on a regular basis. The job description includes cover of normal annual and study leave of colleagues for whom the practitioner is expected to deputise during the normal run of his/her duties.</p>
<p>Where the placement is based</p>	<p>The community base with the Woking Community Mental Health Team is at Woking Community Hospital, Heathside Road, Woking, GU22 7HS, where parking is easily available. The organic assessment ward is at Hayworth House, Guildford Road, Chertsey, Surrey, KT16 0Qa, on the St. Peter's Hospital site, and the functional inpatients' unit, Spenser Ward, is located at the Abraham Cowley Unit, Holloway Hill, Lyne, Chertsey, KT16 0AE.</p> <p>The academic teaching takes place at the Abraham Cowley Unit, Holloway Hill, Chertsey, KT16 0AE. The F2 teaching programme takes place at the Postgraduate Centre at St. Peter's Hospital, Chertsey.</p>
<p>Clinical supervisor(s) for the placement</p>	<p>Dr B Parsons</p>
<p>Main duties of the placement</p>	<p>Core Skills:</p> <ul style="list-style-type: none"> Detailed history taking, examinations and initiation of all necessary investigations for patients, keeping full clinical notes and ensuring the

medical records information is updated according to local guidelines.

- Mental State examination.
- Extended Cognitive Examination.
- Physical examination.
- Inpatient risk assessment/observations decisions.
- Interviewing relatives and carers of patients.
- Arranging appropriate referrals to other disciplines
- Admission and Discharge Summaries.
- Communication and team-working skills:
- Engagement with multi-disciplinary team.
- Liaison with CMHTs for post-discharge follow-up.
- Regular presentation of full psychiatric cases either in the ward round or to Clinical Supervisor.
- Participation in out-of-hours assessments with Psychiatric Liaison.

Educational Objectives for FY2 Trainee:

- Learn the basic skills in assessment, diagnosis and management of common psychiatric disorders.
- Learn about risk assessment for staff and clients in the Community.
- Learn basic psychopharmacology and gain experience in using common psychotropic drugs.
- Gain experience in working with a multi-disciplinary team and in time management.
- Learn the basics of risk assessment and keeping proper medical documentation for outpatients.
- Gain experience in drafting reports, summaries and letters.
- Gain experience in managing acute psychiatric emergencies.
- Develop basic competence in the use of the

	<p>Mental Health Act.</p> <ul style="list-style-type: none"> Understand the range of psychological and social treatments in Psychiatry. <p>Educational Objectives specifically for Old Age Psychiatry:</p> <ul style="list-style-type: none"> Develop skills in extended Cognitive Examination. Assessment, diagnosis and management of dementia. Knowledge of liaison skills re the multiple interfaces of Old Age Psychiatry

*It is important to note that this description is a typical example of the placement and may be subject to change.

**Foundation Programme
Individual Placement Descriptor***

Trust	Ashford And St Peter's Hospitals NHS Foundation Trust
Site	St Peter's Hospital
Intrepid Post Code (or local post number if Intrepid N/A)	KSS/RTK01/021/F2/002 (POST 15) KSS/RTK01/021/F2/007 (POST 14)
Placement details (i.e. the specialty and sub-specialty)	Breast Surgery & General Surgery
	Palliative Care
Department	<p>We care for patients with general surgical, urological and vascular problems as well as emergency admissions through our busy A & E and SAU departments. We have 3 surgical wards in St. Peter's, a High Dependency Unit and a Surgical Admissions Unit.</p> <p>Surgical Unit at St Peter's Hospital This unit admits 4,000 elective and emergency in-patients per year and is comprised of 3 surgical wards and SAU.</p> <p>High Dependency Unit There is a Surgical High Dependency Unit of 5 beds based on Falcon Ward.</p> <p>This is a fully monitored unit and staff are encouraged to rotate if they wish through this unit to enhance their skills in looking after the more critically dependant patient.</p> <p>The Princess Alice Hospice (PAH) is a charitably funded unit, situated 17 miles from Central London. The Hospice celebrated its 25th anniversary in 2011. The catchment area for the Hospice covers a population of over one million in the south west outer quadrant of London and North Surrey, which is an approximate radius of 10 miles around Esher.</p> <p>The Inpatient Unit and Day Hospice were rebuilt in 2006. The Inpatient Unit has 28 beds, with 22 single rooms, and two 3-bedded bays. The Day Hospice can take up to 20 patients a day, operating 4 days a week using rehabilitative, recreational and therapeutic techniques to allow patients to continue to live at home. Patients have access to physiotherapy, occupational Therapy, complementary therapy (massage, aromatherapy and reflexology), spiritual healing, dietetics and speech and language</p>

	<p>therapy. Intravenous treatments such as blood transfusions and bisphosphonates may be given in the Day Hospice.</p> <p>Approximately 2000 patients are referred to the Hospice yearly, with 800 patients being looked after in the community at any one time. 600 patients are admitted to the Inpatient unit yearly. The average length of stay on the unit is 13 days and the occupancy over 85%. Over 40% of patients are discharged. There is one respite bed and the Hospice looks after patients with malignant and non-malignant life-limiting illnesses. The medical staffing structure includes seven consultants, each of whom work part-time at the Hospice as part of a joint post with other organisations.</p>
<p>Type of work to expect and learning opportunities</p>	<p>The F2 posting in Breast is a 4 month placement. The post is well supported with an F1 doctor and one Core Surgical Trainee. There is one Specialist Registrar and one Associate Specialist providing middle grade support. There are also 5 Specialist Breast Care Nurses. The Breast department comprises of a team of 1.5 consultants who act as Educational and Clinical supervisors with another to be appointed soon.</p> <p>The Palliative care portion of the job is 2 weeks within the 4 month placement to work at the Princess Alice Hospice.</p> <p>The Palliative care team consists of seven medical consultants, two specialty registrars, two SAS doctors, and currently 2 GP registrars and one F1 doctor as well as an extensive multi-professional team.</p> <p>A team of community Clinical Nurse Specialists provides clinical advice and support for patients and their families and carers. There is a robust triage and rapid response service in addition to the availability of professionals to care for patients overnight in their homes. The emotional, social and spiritual needs of patients and families are supported by the Psychosocial and Spiritual Care team. There is a full-time Chaplain and an excellent bereavement service.</p>
<p>Where the placement is based</p>	<p>St Peter's Hospital & Ashford Hospital</p> <p>Princess Alice Hospice</p>
