Local education provider (LEP) / employer information

The trust employs almost 7,000 staff and serves a population of 525,000 people across East Sussex. It provides a total of 706 beds with 661 beds provided in general and acute services at the two district general hospital and community hospitals. In addition there are 49 Maternity beds at Conquest Hospital, and the two midwifery led units and 19 critical care beds (11 at Conquest Hospital, 8 at Eastbourne District General Hospital).

East Sussex Healthcare NHS Trust (ESHT) provides acute hospital and community health services for people living in East Sussex and the surrounding areas. The trust serves a population of 525,000 people and is one of the largest organisations in the county. Acute hospital services are provided from Conquest Hospital in Hastings and Eastbourne District General Hospital, both of which have Emergency Departments. Acute children's services and maternity services are provided at the Conquest Hospital and a midwifery-led birthing service and short-stay children's assessment units are also provided at Eastbourne District General Hospital.

The trust provides a minor injury unit service from Crowborough War Memorial Hospital, Lewes Victoria Hospital and Uckfield Community Hospital. A midwifery-led birthing service along with outpatient, rehabilitation and

	<p>intermediate care services are provided at Crowborough War Memorial Hospital. At both Bexhill Hospital and Uckfield Community Hospital the trust provides outpatients, day surgery, rehabilitation and intermediate care services. Outpatient services and inpatient intermediate care services are provided at Lewes Victoria Hospital and Rye, Winchelsea and District Memorial Hospital. At Firwood House the trust jointly provides, with Adult Social Care, inpatient intermediate care services.</p> <p>Trust community staff also provide care in patients' own homes and from a number of clinics and health centres, GP surgeries and schools.</p>

Trust	East Sussex Healthcare NHS Trust
Site	Sussex Partnership NHS Foundation Trust
Intrepid Post Code (or local post number if Intrepid N/A)	KSS/RXC02/052/F2/001 (POST 17)
Programme Codes	16/KSS/RXC01/F2/039, 16/KSS/RXC01/F2/028, 16/KSS/RXC01/F2/029
Placement details (i.e. the specialty and sub-specialty)	General Psychiatry
Department	Assessment and Treatment Services
Type of work to expect and learning opportunities	<p>This is an exciting opportunity to join a busy multidisciplinary team working with the full gamut of mental health problems, primarily in the community. You will join a team of Community Psychiatric nurses, Occupational Therapists, Psychologists, Support Workers, Administration Staff and Doctors.</p> <p>This new post is part of the recent expansion of the Foundation Programme with the addition of extra opportunities for community, integrated and psychiatric experience. As a result, it is designed to allow the trainee to follow the patient through their whole care pathway, from Primary Care referral, first assessment, follow up in the community, admission in Mental Health Unit or care under Crisis Team to the point of transfer back to Primary Care, and have opportunities to liaise with or shadow non-NHS agency involvement, e.g. Social Services, Third Sector and Accommodation Providers.</p>
Where the placement is based	<p>Millwood, Uckfield Community Hospital, Framfield Rd, Uckfield, East Sussex, TN22 5AW.</p> <p>Although Uckfield is well connected with all the other residential centres of the County, having access to a car may offer some advantages (without being mandatory). As the trainee will often work with other members of the team, joining their car business journeys is also an option.</p>
Clinical supervisor(s) for the placement	Dr Stavros Bekas, Consultant Psychiatrist
Main duties of	The trainee will be given Trust and Local inductions and after a period of shadowing

<p>the placement</p>	<p>with other members of the team, will be given the opportunities to work with mentally disordered individuals of working age (18-70) including outpatients clinics, crisis assessments, home visits, mental health act assessments and liaising with GPs under the supervision of a consultant psychiatrist. There will be weekly supervision from the consultant and attendance to the local academic meetings will be required with a possibility of giving presentations. Appropriate allowances for attending foundation year training and special interests will be made on an individual basis.</p>

<p>Local education provider (LEP) / employer information</p>	<p>Sussex Partnership NHS Foundation Trust consists of some 5,000 passionate and dedicated clinicians and support staff, working hand in hand with partners in the community to care for and support vulnerable people. Together, we provide mental health, learning disability, substance misuse and prison healthcare throughout Sussex, along with a range of specialist services across the South East of England and beyond. We are one of the largest mental health trusts in the country. As a teaching trust of Brighton and Sussex Medical School we have a national reputation for leading-edge research. During 2013-2014 our research activity generated £1.6m million income. We're now one of the most influential, effective and well-respected mental health trusts in the country and, as a teaching trust of Brighton and Sussex Medical School; we're developing a national reputation for leading-edge research. We started as Sussex Partnership NHS Trust in April 2006 and became a Foundation Trust with teaching status in August 2008.</p> <p>This posts' catchment area is most of the Wealden District of East Sussex County, a mixture of rural and semi-rural, small communities totalling about 155,000 inhabitants. Wealden District has some of the most beautiful countryside in the country; covers the uplands of the High Weald, the eastern part of the South Downs, the Vale of Sussex, and the Rivers Ouse, Cuckmere and Uck. The largest towns are Crowborough (20,000), Uckfield (20,000), Hailsham (20,000), Heathfield (12,000).</p>
