LaSE Foundation Information Bulletin

Welcome to the (London & South East) LaSE foundation bulletin. This newsletter is brought to you by the Foundation Team and all the London and South East Foundation Schools.

This bulletin is published fortnightly and split into three sections, to contain information for foundation doctors and foundation faculty and a section dedicated to conferences/training. A copy is saved on the South Thames [website](#) until we have launched our new all schools website.

Following the HEE Integration between KSS and London, the new admin team now works with other colleagues. The team structure has been updated under "[Who's Who in LaSE](#)"
