<b>Placement details</b> (i.e. the specialty and sub-specialty)	Endocrinology and Diabetes Mellitus (N/A)
<b>Department</b>	Deal Ward – Acute Medical ward
<b>Type of work to expect and learning opportunities</b>	An excellent placement to start life as a junior doctor, many interesting special endocrinology tests on ward attending patients that helps to enhance your ability to take bloods, insert cannulas etc... As it is an acute medical ward with an interest in diabetes there is a wide variety of patients with different Dx, Ix and Management plans. The nursing staff are kind and helpful especially as the ward is very busy. Both Consultants are very keen on teaching and learning opportunities are plentiful.
<b>Where the placement is based</b>	Deal ward
<b>Clinical supervisor(s) for the placement</b>	Dr. McGettigan (Consultant Diabetes & Endocrinology)
<b>Main duties of the placement</b>	Looking after patients on the ward, performing special endocrinology tests, attending endocrinology meetings on a Friday, optional (Attending CDU for post take- that I found extremely beneficial).
<b>Typical working pattern in this placement</b> (e.g. ward rounds, clinics, theatre sessions)	Ward rounds, Endocrinology tests, fast paced atmosphere and normally working under time constraint, clinics and oncalls.
<b>Local education provider (LEP) / employer information</b>	'East Kent Hospitals University NHS Foundation Trust (EKHUFT) is one of the largest hospital trusts in the country, with more than 6,000 staff serving a population exceeding 700,000 and provides integrated patient care in East Kent with over 80 clinical specialties. <b>Placement details</b> (i.e. the specialty and sub-specialty)	General Surgery (Breast Surgery)
<b>Department</b>	Surgery
<b>Type of work to expect and learning opportunities</b>	Busy district general hospital with both elective and emergency general surgical patients. Ward based work with plenty of learning opportunities. You are able to clerk in patients in A&E during on-calls and discuss cases with senior members of the team. You have the opportunity to attend clinics and theatre. And in addition to weekly F1 teaching, a topic is usually discussed and presented by an F1 during weekend handover meetings.
<b>Where the placement is based</b>	
<b>Clinical supervisor(s) for the placement</b>	Miss E Sharp
<b>Main duties of the placement</b>	
<b>Typical working pattern in this placement</b> (e.g. ward rounds, clinics, theatre sessions)	A typical day would start with a ward round lead by a senior doctor. You make a list of jobs and complete these during the day. This would usually include ordering investigations, discussing radiological requests with Consultant Radiologists, taking blood, acting on blood results and investigations and seeing sick patients. When your jobs are complete you can help the other surgical teams, attend theatre or attend clinic. In a typical week you are on call twice. For one on-call you get the opportunity to clerk in patients in A&E. In the second on-call you are based on the wards reviewing sick patients and completing outstanding day jobs from other surgical teams. On a breast firm there are two Consultants both with a breast interest and one also manages skin cancer patients. Breast MDM attendance and patient presentation is expected as part of the multi-disciplinary team. There are two F1 teaching sessions a week and an extra teaching session every Friday for the surgical team. You also get

	one half day a week.
<b>Local education provider (LEP) / employer information</b>	'East Kent Hospitals University NHS Foundation Trust (EKHUFT) is one of the largest hospital trusts in the country, with more than 6,000 staff serving a population exceeding 700,000 and provides integrated patient care in East Kent with over 80 clinical specialties. <b>Intrepid Post Code</b> (or local post number if Intrepid N/A)	KSS/RVV09/021/F1/007 (POST 21)
<b>Programme Codes</b>	
<b>Placement details</b> (i.e. the specialty and sub-specialty)	General Surgery (Colorectal Surgery)
<b>Department</b>	Surgery
<b>Type of work to expect and learning opportunities</b>	Busy district general hospital with both elective and emergency general surgical patients. Ward based work with plenty of learning opportunities. You are able to clerk in patients in A&E during on-calls and discuss cases with senior members of the team. You have the opportunity to attend clinics and theatre. And in addition to weekly F1 teaching, a topic is usually discussed and presented by an F1 during weekend handover meetings.
<b>Where the placement is based</b>	
<b>Clinical supervisor(s) for the placement</b>	Mr S Doughan
<b>Main duties of the placement</b>	The main duties of the placement are to provide pre-op and post-op care
<b>Typical working pattern in this placement</b> (e.g. ward rounds, clinics, theatre sessions)	A typical day would start with a ward round lead by a senior doctor. You make a list of jobs and complete these during the day. This would usually include ordering investigations, discussing radiological requests with Consultant Radiologists, taking blood, acting on blood results and investigations and seeing sick patients. When your jobs are complete you can help the other surgical teams, attend theatre or attend clinic. In a typical week you are on call twice. For one on-call you get the opportunity to clerk in patients in A&E. In the second on-call you are based on the wards reviewing sick patients and completing outstanding day jobs from other surgical teams. On a colorectal firm the emphasis is on the management of the colorectal patient. There are two F1 teaching sessions a week and an extra teaching session every Friday for the surgical team. You also get one half day a week.
<b>Local education provider (LEP) / employer information</b>	'East Kent Hospitals University NHS Foundation Trust (EKHUFT) is one of the

	largest hospital trusts in the country, with more than 6,000 staff serving a population exceeding 700,000 and provides integrated patient care in East Kent with over 80 clinical specialties. Established on 1st April 1999, EKHUFT has three acute hospitals at Canterbury, Margate and Ashford, with smaller hospitals in Dover and Folkestone.

<b>Programme Codes</b>	
<b>Placement details</b> (i.e. the specialty and sub-specialty)	Intensive Care Medicine (N/A)
<b>Department</b>	Intensive care
<b>Type of work to expect and learning opportunities</b>	<p>The ITU in Margate is a busy unit, caring for a wide variety of acutely ill patients from across the Southeast. As an FY1 you are expected to work as part of the team to ensure good communication between all specialties involved in the patients care, ensure that all investigations and management plans are up to date and followed through.</p> <p>The unit is a great place to get hands on experience in practical procedures such as CVP lines, arterial lines and intubation. In addition there are also opportunities to attend theatre to shadow the on-call anaesthetic team.</p> <p>As the ITU FY1, you are expected to attend all cardiac arrests, and emergency calls.</p>
<b>Where the placement is based</b>	Intensive Care Unit
<b>Clinical supervisor(s) for the placement</b>	Dr. Craig Guest
<b>Main duties of the placement</b>	
<b>Typical working pattern in this placement</b> (e.g. ward rounds, clinics, theatre sessions)	There are 2 consultant lead ward rounds every day. There is no allocated theatre or clinic times but depending on the workload on the ITU unit, you can arrange to attend theatre with the anaesthetic team. During the day there are opportunities to review medical and surgical referrals as well as cardiac arrest calls.

<b>Employer information</b>	The Trust is one of the largest in the country, employing over 6500 staff with many part-time employees. The Trust serves a population of over 720,000 . The Trust has the vision to be known throughout the world as one of the top

ten hospitals in England and the Kent hospital of choice for patients and those close to them.

The EKHUFT's mission is to provide safe, patient focused and sustainable health services with and for the people of Kent. The Trust recognises that to achieve this it has a special responsibility for the most vulnerable members of the population that it serves. The Trust aims to work with local partners to develop excellent, modern clinical services, reducing both the length of time patients wait to be seen and to be treated and to make sure that it meets all the financial obligations.

The East Kent Hospitals University NHS Foundation Trust serves a population of over 720,000 (approximately 20% over the age of 65). The population is spread across a geographical area of over 700 square miles of a largely rural area with main urban population in Ashford, Folkestone, Canterbury, Dover, Margate, and Ramsgate.

Local authority population figures are as follow: Ashford (111,200), Canterbury (146,200), Dover (106,400), Shepway (99,600), Swale (128,500) and Thanet (128,600).
